PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Methodists Will Observe Communion

The Morning Worship Service at 11 A. M. at the Canal Point Methodist Church on August 4 will be an hour of prayer and communion in which all who desire it are invited to receive the Sacrament of the Lord's Supper. The sermon will be in the form of a short communion meditation entitled "Out of the Depths". Our Sunday School meets each Sunday Morning at 10 A. M. All are invited.

The sermon for the Evening Worship Service at 8:15 will be "Full of Life—and Christian, Too!" in which the minister, Rev. William Blair, answers a young man's question with his beliefs on the subject of: "Can a Christian get any fun out of life or is it wrong to have a good time?"

The Canal Point Methodist Youth Fellowship for all young people between the ages of 12-23 inclusive will hold its first meeting at the parsonage on Monday night at 8:15. All interested boys and girls are invited. This group is the first in a series of anticipated groups to take in all ages in church life. We have plans for a wide-awake, active, growing group in the local MYF and all young people are urged to "get in on the ground floor" by attending this first meeting. Fun and fellowship is the theme for the evening.

Publicity Group To Meet In Jax

TAMPA—The next meeting of the Florida Publicity and Public Relations Association will be held in Jacksonville, September 27-28, according to plans made when the board of directors met in Tampa last week.

Frank S. Wright, president, announced that "the program is being planned to make this the greatest all-round rally ever held by publicity and public relations people in Florida."

Uriel Davis, Publisher of the Public Relations Directory and Yearbook, is scheduled to address the organization on Sept. 28, along with other speakers who are prominent in the national field of public relations.

Frank Winchell, Manager of the Jacksonville Tourist and Convention Bureau, was appointed Chairman of the Arrangements Committee and tentative plans include a director's meeting Friday night, September 27, an all-day business session on September 28, followed by a buffet supper and tickets for the Florida-Mississippi football game to be played that night in Jacksonville.

During the afternoon meeting Bill Carter, Associate Editor of Florida News Service of Tampa, was appointed Chairman of the Public Relations Committee, of FPPRA.

John Paul Knight Dies In Belle Glade

Gravestone funeral services were held Wednesday morning for John Paul Knight, infant son of Mr. and Mrs. Luther Knight of Belle Glade, who died early Sunday morning following a short illness. Burial was made at Port Mayaca cemetery following the services.

Evans Is Building New Camp Cottages

Contractor N. D. Evans of Pahokee is busy these days erecting five concrete cottages for Messrs. Thomas and Swain at Camp Okesimnee on the north western shore of Lake Okechobee. There are already 16 cottages at the popular camp along with 16 boats and 16 motors. There is also a large house for help employed at the camp. Mr. Evans and his crew of workmen hope to finish the cottages in record time, that is if all materials are available.

Citrus Brings All Time Record Cash

LAKELAND—In his annual report to members of the Florida Citrus Commission last week, Secretary-Manager Robert C. Evans said Florida citrus growers were estimated to have received \$160,000,000 for the past season's crop, an all-time record.

This represents an increase of \$20,000,000 over the estimated return from the 1944-45 crop. Evans' report is the first of three to be submitted to the Commission by department heads for the season just closed. Don Butts, advertising and Sales Promotion Manager, and Dr. L. G. MacDowell, Director of Research, will also make re-

ports on the production of fruit by canners is a factor in making the season the most successful on record. Canners put up almost 49,000,000 cases of juice and other citrus products, utilizing nearly 42,000,000 boxes of fruit from a crop which preliminary estimates indicate will add up to 86,250,000 boxes.

Car Ferry Ready By Next Season

MOBILE, ALA.—The "Carib Queen," 475 foot converted LST boat, which will make daily round trips between Key West and Havana providing a ferry service for passengers and automobiles, slid off the ways of the Gulf Shipbuilding Corporation last week.

The vessel is the first of a fleet of ferries that will be operated between Florida, Cuba and Central American points and it is expected to have the "Carib Queen" ready for service next season, officials said.

ADDRESS CHANGED

According to Claude S. Jones, manager of the veterans office in Pahokee the GI insurance office has been changed from New York City to Collections Subdivision, Veterans Administration Branch Office 5, Marietta, Aircraft Assembly Plant, Marietta, Ga.

Claude reports that any veteran who has let his insurance drop may reinstate it by turning in at the local office two monthly payments by January 1, 1947.

THREE OFFICES

WASHINGTON.—The Veterans Administration originally planned to close the regional office at Pass-a-Grille and transfer its functions to the Jacksonville and Miami offices but "it may be necessary" to retain all three offices. Gen. Omar N. Bradley, head of the VA, has informed Senator Pepper.

We're Gonna Take A Short Vacation

Believe it or not, here in The Everglades News office we are worked down to a nub. It's been a long, tough grind since we last took our fishing poles and sought rest and peace on the banks of a creek. But, that's just what we're going to do—come tomorrow. We aren't going to be satisfied with a couple of days—we want almost a couple of weeks—so, we're gonna take 'em. Yep, the paper will come out next week on time. That's all arranged for, so when the usual day comes for the citizenry to storm Glades post offices in quest of their weekly Everglades News, it'll be right there awaiting them! Take it easy. So will we—for a short spell.

Legion Will Meet Monday Night

The Fred and Percy Mansfield American Legion Post No. 90 will conduct regular meeting at the Pahokee Woman's Club August 5 at 8:30 p. m. Post Commander Edward A. Jensen will preside at the meeting and J. Leo Chapman, West Palm Beach, will be present and distribute deeds to veterans purchasing property in Vetville.

Florida Leads In Melon Shipments

LEESBURG—Florida again led the nation in carlot shipment of watermelons during 1946, R. Maynard Peterson of the U. S. Department of Agriculture said last week in his annual summary of the season.

Florida moved 7,317 cars by rail. Georgia moved 6,117 cars, Texas 5,532 and South Carolina 4,304 cars. Total United States shipments amounted to 26,353 cars. The report showed a peak F. O. B. price of \$1,000 per car for Florida cannonballs the week ending June 7.

Will Re-Organize S. S. Departments

At a meeting of the Sunday School council of Workers of the Methodist Church Tuesday evening members voted to reorganize the various departments of the Sunday School and to create a worship period for the junior department. Members also voted to conduct a training school for teachers and officers of the school in October. The meeting date for the council was set for the second Tuesday of each month. Frank Rozelle assistant superintendent presided and the Rev. C. T. Howes, pastor, made the recommendations.

TACKY HAT PARTY

Members of the Intermediate fellowship group of the Methodist Church will conduct a tacky hat party at the social hall at the church Tuesday evening with Mrs. R. F. Hurt, counselor, supervising. The committee in charge includes Miss Myra Cruthird, Miss Anna Lee Hurt and Bobby Schroder.

S. G. Burns Car Stolen And Wrecked

S. G. Burns, Pahokee electrician, is a little slow getting around to his various jobs this week because his automobile was stolen last Friday morning. Between the hours of three a. m. and six a. m. someone drove the car away from in front of Burns' house. It was found 12 miles from Canal Point on Conners Highway wrecked against the pines. Completely demolished, was the way the car was described. A member of Uncle Sam's army is in a hospital on the East Coast and when he's able, there is a possibility that he will be charged with stealing and demolishing the car.

State Building Program To Go On

TALLAHASSEE.—Governor Caldwell stated late last week that a recent Supreme Court decision directing Comptroller J. M. Lee to transfer \$4,000,000 to the State Building Fund will permit the Cabinet to resume its "energetic building program."

Custodial institutions, including the hospital at Chattahoochee, the Boys' Industrial School at Marianna, the Girls' School at Ocala and the prison system are of "first importance," Caldwell said, and are being given priority over all other projects.

Funds totaling \$1,731,159 have been allocated for these institutions. The educational institutions—the University of Florida, the Florida State College for Women, the A. and M. College for Negroes and the Deaf and Blind School at St. Augustine—have been allocated \$4,654,109. An additional half million dollars has been appropriated for the construction of a south wing of the Capitol and other State office improvements.

New 20 Story Building Planned For Jax

JACKSONVILLE.—A twenty story office building will be built in Jacksonville it was announced by the Florida National Bank and DuPont interests. The new building will be Jacksonville's largest and will be named in honor of the late Alfred I. DuPont.

The structure will occupy more than two-thirds of the block bounded by Adams, Monroe, Hogan and Julia Streets across from the George Washington Hotel.

Several old buildings on the property are now being demolished and construction on the new building will begin as soon as material and labor supplies become more stable.

Church Of God To Have Bible School

Vacation Bible School at the Church of God on Barfield Highway will start next Monday, August 5th and run through August 16, according to an announcement made yesterday by church officials. Plans call for Pahokee ministers to speak at different sessions of the school. Illustrated lessons through use of movies will be another feature of the school.

Borchardt Tells Lions Of Farming

E. H. Borchardt, vegetable grower and produce man of Belle Glade, was guest speaker at the Pahokee Lions Club Tuesday at its weekly luncheon meeting in the Lions Hall. He spoke on "Farming, as the Backbone of Glades Growth." He said that the future of the Glades depended upon how farmers will utilize the products of the soil. He pointed out the waste of vegetables in this section during the season and said that this waste was equal to vegetables grown in some states. He said that the many carloads of celery allowed to waste during the celery harvest could be utilized for feed for cattle and that a similar use could be found for practically all the produce wasted. He was introduced by Manning I. Keen, program chairman.

Jesse M. Elliott suggested that the various civic clubs of the community sponsor the summer baseball games in an effort to increase the attendance so that the teams would be able to defray expenses. It was announced that a series of night soft ball games will be sponsored. Those interested are asked to contact Dorsey Fugh.

Lamar Allen of West Palm Beach, outlined some of the projects the West Palm Beach club is sponsoring for the blind. One is a workshop where blind persons may earn a livelihood and another is a summer class for pupils with poor vision.

Lewis Friends reported that work on the proposed city swimming pool will start soon. Guests attending the meeting were: Eo Fugh, Belle Glade; E. Back, Melbourne; J. Sheppard, Miami and Theo Galisk of Canal Point.

GI Loans OK'ed By Belle Glade Group

According to Claude S. Jones, manager of the local veterans office, word has been received from the Everglades Savings and Loan Association in Belle Glade that veterans loans have been approved and that the company is now ready to receive applications from veterans for loans for building in this section.

County Sprays DDT In The Glades

County Commissioner Paul Rardin said yesterday that the Palm Beach County Anti-Mosquito control unit has been working in the Glades recently. The unit has been spraying DDT in an effort to relieve the polio threat. Last Saturday two spraying trucks were in Belle Glade and South Bay. On Wednesday of this week two trucks were in Pahokee and Canal Point.

SPRAY CATTLE

DELAND—Four Volusia County cattlemen recently cooperated with each other in rounding up and spraying their 2,500 head of cattle with DDT to control flies and other insect pests, according to County Agent F. E. Baetzman.

Mrs. Bill Peeples and daughter Nancy are visiting relatives in Orlando this week.

Pepper Out Of Step

Senator Pepper opposes the remedial legislation asked for the President of the United States on Saturday to end strikes against the government. He is quoted in a news dispatch as stating he would give up his seat in the Senate rather than support the President's program.

Perhaps that would be as well. At least, Mr. Pepper could submit his case to his own constituency in Florida. The result would surprise him, but he could then retire to private practice of law and forget politics.

The trouble with Mr. Pepper is that he is out of step with his home people; out of step with the majority of the people of the country. It would hardly be overstating it to say he is out of step with sound government.—Bradenton Herald.

A Powerless Government

In due course the whole economic and social structure of the country will be prostrated, resulting in such general disorganization and chaos as to amount to one of the greatest public calamities in the nation's whole history. Yet the American people and their government are powerless to do anything effective to prevent this. Why? Because the laws prohibit them from doing anything that will impair, diminish or in any way affect the rights of John L. Lewis and the United Mine Workers, "a bona fide labor organization," in lawfully carrying out their legitimate objects "as such rights are expressed in existing status of the United States."

Who made those laws? The representatives of the people in the congress of the United States. But is it not plain that there's something radically wrong with laws that can have such effects? No deep knowledge of the philosophy of government or of social theory is necessary to give a sound answer to that question. The answer that the unlettered common man would give offhand is the correct one. It is plain that there's something wrong with such laws. And the same congress of the United States that made these laws and the president as the head of the government of all the people should modify them in any and every way necessary to protect the people against such calamity.—The Southern Weekly.

No Place For Intolerance

Eight thousand "messengers" or delegates of the Southern Baptist church, representing a membership of nearly six million, adopted a resolution at their convention in Miami calling on member churches to "refrain from association with all groups that exist for the purpose of fomenting strife and division within the nation on the basis of differences of race, religion and culture." Said the Baptists: "The faith we profess expressly forbids hatred one of the other."

The same might be said by all Christian denominations. Indeed there is a crying need that all should say it, and say it loudly. In the very city of Miami, where the Baptist convention was held, there have been recent manifestations of the revival of the Ku Klux Klan, which fosters and feeds on bigotry and group hatred in the same manner as did Hitler's nazis. The resolution did not specifically name the KKK; the church group did well to broaden it to include all fomenters of hatred. Against them both Christianity and Americanism must stand firmly.—Panama City News-Herald.

TOO LATE TO CLASSIFY

(By Russell Kay)

On-the-spot visual education is becoming more and more popular throughout the country and in all probability the next legislature will be asked to give consideration to a plan being worked out by the Florida Forest & Park Service and the State Department of Education.

Under the plan Florida students of high school and possibly junior high school age would be given an opportunity to leave their school rooms and books for interesting trips around the state.

They would travel by bus on tours of from ten days to two weeks stopping at State parks where accommodations and meals would be provided at an approximate cost of \$1.00 per day.

Itineraries would include all points of interest such as Cypress Gardens, Silver Springs, Marine Studios, Wakulla Springs and would also provide for visits to various industries such as canning plants, fruit packing plants, cigar factories, the sugar house of the United States Sugar Corporation and so on.

Instead of simply reading about such Florida attractions and industries in text books the young-

sters, properly chaperoned and accompanied by competent instructors, would spend a sufficient amount of time acquainting themselves first-hand through this modern, practical on-the-spot visual education program.

One group starting from Jacksonville for example could stop in St. Augustine where they would learn more Florida history in a few hours than they would gain from books in months. Here they could see Ft. Marion and actually visualize its historic interest as they view the court yard, the cell occupied by Osceola, the dungeon and the chapel. They would visit the Oldest School House and compare it with our modern schools of today, inspect the famed Fountain of Youth, see the Ostrich and Alligator Farm and Marine Studios and the Oldest House.

Seeing these things first hand at a time when their minds are at an impressionable age, they would gather a mass of practical helpful information that would remain with them through life. Being required to write essays or accounts of their trip as part of their school work would insure their being alert and attentive.

Journeing on down the east coast they could visit Daytona Beach, and along the Indian River would have an opportunity to inspect citrus packinghouses and canning plants.

In their text books they learned that Palm Beach county is the nation's No. 1 producer of agricultur-

al products but until they pay an actual visit to the great producing areas of this famed section they never would really realize what that statement actually means. They must see first-hand the thousands of acres of vegetables growing in the rich black soil of the Everglades, ride through miles of growing cane fields and watch the grinding of the cane at the sugar house.

Speaking before the Florida Publicity and Public Relations Association not long ago, Louis G. Scoggin, Director of the Florida Park Service, proposed that additional facilities be provided at state parks to take care of such traveling student groups. If this were done it would be possible to route students from one park to another and cover all sections of the state. Children from north and west Florida could visit central and south Florida and vice versa.

The State Department of Education is sympathetic to the plan and many leading Civic Clubs, Chambers of Commerce and other organizations have indorsed it for they realize that youngsters so educated would be better Floridians, and throughout their lifetime would be in possession of authentic knowledge about their state, its advantages, attractions and resources that could be gained in no other way.

All the Legislature will be asked to do is appropriate a sufficient amount to permit the construction of additional facilities in State Parks to take care of such tours and authorize the use of state funds to provide transportation for such on-the-spot visual education groups.

The program would not be costly and would pay for itself many, many times over in giving our boys and girls a true knowledge of their state. Seeing is not only believing, it is understanding. What is seen and understood is long remembered.

TALLAHASSEE, FLORIDA
JULY 3th, 1946

NOTICE
The Trustee of the Internal Improvement Fund of the State of Florida, Pursuant to Law, will offer for sale, for objection only, in Tallahassee, Florida, at 11:00 o'clock A. M. August 20th, 1946, the following described lands in PALM BEACH COUNTY:

A parcel of sovereignty land adjacent to an unnumbered Lot between Lots A-67 and A-68, Section 18, Township 42 South, Range 37 East, described as follows: Begin at the NE Corner of Lot A-68, aforesaid, thence N. 25 degrees 41' East 94.65 feet, along the East Lot Line of Lot A-68, projected; thence North 38 degrees 12' 40" East 50.0 feet along the U. S. R-W Line; thence South 25 degrees 41' East 94.04 feet to the NE Corner of Lot A-67; thence South 25 degrees 41' West 50 feet to the Point of Beginning. The Purchaser is to pay the advertising cost.

THE TRUSTEES OF INTERNAL IMPROVEMENT FUND reserve the right to reject any and all bids.

BY ORDER of the Trustees of the Internal Improvement Fund of the State of Florida,
Millard F. Caldwell, Governor

Attest:

AN INVENTORY OF OUR STOCK SHOWS SOME

NEW RARE MERCHANDISE

You have all been waiting for an assortment of Aluminum and Granite Household ware. Well, we now have it for you, including most every type of utensil, including those large size

ALUMINUM ROASTERS AND National Pressure Cookers

This is picnic and outing time and no outfit is complete without a Little Brown Jug water cooler. They come in enamel, with either spigot or snout and aluminum tip drinking cup. They are really nice and convenient.

Sop Powder—good for household use, cleaning cars or family washing. Better get some while the supply is available.

Spraying materials in all forms are now in demand and we can supply you with the dust or liquid combinations, as well as the sprayers for their use. Keep flies and bugs down, use frequently on your garbage cans as a health safety measure.

Lawn Utensils—Shears, Sprayers, Rakes, Hoes, Scythes, Hose and Fertilizers for grass and flowers.

MAIN STREET BELLE GLADE, FLA.

Take Your Pulse

Every time your heart beats, one of 800,000,000 people dies of starvation somewhere in the world!

You can DO something about it in your own kitchen!

Use and reuse your cooking fats, and when you have gotten all their food value, turn them in to your meat dealer for four cents per pound. Your salvaged fats are used here at home to help make soap and other

peacetime necessities. Your fat salvage releases fresh food fats for distribution abroad. Save every drop to help yourself and to relieve suffering and shortages throughout the world.

If you've never been hungry—if you've never missed a meal, it is hard to realize how acute a hunger pain can be. Those of us here in the Everglades who are blessed with much food could do a great deal to ease the hunger pains of millions if we but conserve food. With this idea in mind, this message is sponsored by:

A FRIEND OF THE NEEDY

PAHOKEE, FLORIDA

Notice

Notice is hereby given that the following described lands, or so much thereof as will be necessary to pay the amount due for taxes for the year 1945, herein set opposite to the same, together with the cost of such sale and advertising, will be sold at public auction on the 2nd day of September A. D. 1946 at twelve O'clock noon at the City Hall in the City of Pahokee, County of Palm Beach and State of Florida.

Fellowship Group Has Wiener Roast

Members of the senior group of the youth Fellowship of the Methodist Church enjoyed an old-fashioned hay ride and wiener roast Friday evening.

The group met at the church and went to the old Boy Scout camp near Port Mayaca where wieners and drinks were served and games played.

Miss Nell Howes was in charge of the games. Members and guests attending were:

Miss Helen Howes, Miss Pat Connell, Miss Joy Paffett, Miss Barbara Wroten, Miss Bette Lou Pickett, Miss Dorothy Smith, Miss Marina Stokes, Miss Lucille Rogers, Miss Eleanor Humphries, Miss Laurie Rogers, Miss Fay Cranford, Miss Margaret Anderson, Miss Ann Slonaker, Miss Eleanor Tanner, Miss Nell Howes, Melvin Spooner, Thomas Howes, Ronald Stanley, Mike Sanders, Ray Hatton, John T. Pickett, Jr., John Hatton, Claude McLarty, Cecil Williams, Sammy Young and Lewis Blount.

Anna Lee Hurt, Patsy Elliott, Myra Cruthird, Rita Fay Hurt, Mary Ann Howes and Bobby Schroder have returned from Aurburda where they attended Camp Rotary for a week.

New Steamship Lines Scheduled For Tampa

TAMPA—Shippers and receivers were advised this week by the Tampa Traffic Association that one northbound and one southbound sailing a week are assured from here under schedules announced by two steamship lines.

The Bull Steamship Line has set up an intermediate stop in Tampa on its southbound trip from Baltimore to Corpus Christi, Texas. The Pan Atlantic Steamship Corporation has re-established weekly service between Boston, New York, Philadelphia, Tampa, Panama, City, Mobile and New Orleans with Tampa on the northbound route only.

To Name New Cars After FEC Towns

ST. AUGUSTINE—Florida communities and points of interest along the route of the Florida East Coast Railway will be honored by having new de luxe passenger cars named after them.

The first three streamlined coaches were received by the road recently from the Edward W. Budd Manufacturing Company who is to furnish a total of twenty.

The three new cars now in service are the "Stuart," the "Jacksonville" and the "Titusville." Other new coaches delivered will bear the names of Eau Gallie, Dania, Boynton Beach, Ormond, Bunnell, Wabasso, Homestead and Belle Glade.

TWO DELICIOUS REGIONAL FAVORITES

C REGIONAL DEVILED CRAB

RECIPE: One cup bread crumbs; 1 lb. crabmeat cooked; 1/2 lb. grated cheese; 2 eggs, beaten; 1/2 green pepper; small bottle catsup; salt, pepper, and garlic to taste. Blend all ingredients well; place in crab shells; sprinkle lightly with cracker crumbs; dot with butter, and brown in 350 F. oven for thirty minutes. Serve with JAX Beer.

Serves six.

JAX has mailed \$5.00 to Mrs. M. H. Parr, Jacksonville, Florida, for this delightful, summer recipe. Send us your regional recipe suggestion. If published, \$5.00 will be paid for its use. Address: Recipe Editor, JAX Brewing Co., Jacksonville, Florida.

AND A GREAT BEER ... MELLOW

JAX

Here's a truly delightful adventure in fine dining ... a dream of a dish, Regional Deviled Crab, with the tangy goodness of the sea enhanced by the sparkling, golden JAX Beer you should serve with it! Yes, it's a fine combination ... regional and delicious!

And when you meet that old, old summertime problem of thirst, turn to JAX Beer, the Southeast's great, regional Drink of Friendship. You'll enjoy a matchless quality in every glassful ... mellow, premium goodness at its satisfying peak!

AND RE-OPEN

SATURDAY NIGHT, AUGUST 24

Typical of similar scenes occurring at Arcadia, Wauchula, and Bradenton, is the picture above, taken at Plant City, where four lucky Hillsborough County youngsters were presented with pure-bred Jersey heifer calves. Prior to the Plant City delivery, the truck stopped to deliver calves to Berry Lee O'Neal, 15, and Jimmie Rose, 16, both of Punta Gorda, at Arcadia, Charles Shackelford 12, of Zolfo and Betty Creveling, 17, of Bowling Green, at Wauchula and Marilyn Gillette, 12, and Michael Corrigan, 11, both of Bradenton. Hillsborough County awards were made to Howard Lloyd, 12, Paul Miley, 13, Doris Jean Sheppard, 14, all of Plant City and Martha Julia Hawthorne, 12 of Knights. Col. A. F. Cooke, publisher of the Plant City Courier made the awards as representative of the St. Petersburg Fair and Webb City, Inc. Dairy Calf Club.

ST. PETERSBURG, First stop in the ambitious program of the All Florida Agricultural & Industrial Assn. Inc. to encourage the development of better livestock in Florida, came last week with the delivery of pure bred Jersey calves to Florida 4-H Club boys and girls in several counties.

The plan, worked out by the St. Petersburg Fair, to be held next Jan. 14-25, calls for the furnishing of pure bred Jersey heifer calves to boys and girls selected

by county agents in 11 Florida counties. The first 10 calves were delivered last week, all registered Jerseys, sound, healthy, and sired by the best bulls at the Pennock Plantation of Jupiter, Florida.

The presentation of these calves is sponsored by J. E. Webb, president of Webb's City, St. Petersburg, and the group will be known as Webb's City, Inc. Dairy Calf Club.

Under the plan, the boys and girls will feed and grow their

calves, which later will be exhibited and sold at the St. Petersburg Fair, Jan. 14-25 and the proceeds above actual cost of the calves at time of delivery to the 4-H club member, as well as all cash prizes won by the animals, will go to the boy or girl who raised them.

In addition, Mr. Webb, to further encourage the effort, will give a fine outfit, suit, shirt, shoes and hat and a corresponding outfit of dress, hat, shoes and nylon to the boy or girl whose calf is winner.

It is the intention of the Fair Association to make this calf club an annual event and next year they hope to put out at least 200 dairy calves and 200 beef calves in the 11 counties surrounding St. Petersburg.

On account of the lateness of the season, only 10 suitable registered Jersey calves have been found for delivery at this time and while the Fair Association had hoped to establish a Guernsey Club as well as clubs for the foremost beef breeds, suitable registered animals could not be found.

The basic plan for the entire state as outlined in the charter of the All-Florida Agricultural & Industrial Association, Inc. is to divide Florida into six sections of 11 counties each, with large sectional fairs to be located at Pensacola, Tallahassee, Jacksonville, Ocala, St. Petersburg and Miami.

The fairs at Pensacola and Tallahassee will not be developed until 1948, but those at Jacksonville, St. Petersburg, Miami and Ocala will be in readiness for next season, it was announced by R. M. Williams, executive vice president of the organization.

All of the fairs will be modern agricultural and livestock fairs with carnival features of minor importance. The association will build and supervise them, but at each point local groups will do the operating. The 1947 circuit will open with the Fair in Jacksonville, which will operate from Jan. 1-11, with livestock and agricultural exhibits, harness racing, society horse shows, rodeos, tournaments, free acts and amusements, followed by the St. Petersburg Fair on the 14th and so on, with no conflicting dates, with displays of the finest herds of beef and dairy cattle, as well as hogs, sheep, poultry and horses, as are exhibited at northern state fairs, but in the past could not afford to visit Florida for only one show.

Among the representative men back of the project are W. T. Baynard, president R. M. Williams, executive vice president, Earl Brown and Col. Douglas Young, vice presidents, William E. Tyler, secretary and J. E. Bryon, treasurer,

supported by a committee of 100 outstanding citizens.

Headquarters of the All-Florida Agricultural and Industrial Assn. are located in St. Petersburg. County agents or others interested and desiring further information can address the organization P. O. Box 1170, St. Petersburg, Florida.

Personal Items

Mrs. Nola B. Smith, Mrs. Mary Murdoff and Mrs. Sally Shipley will leave Thursday for a two weeks vacation with relatives and friends in Georgia and Spartanburg, S. C. While in Spartanburg they will visit Miss Lili Teasley, who is the sister of Mrs. Murdoff and a former resident of Pahokee. —WEST PALM BEACH—

Cinematic Chatter

By Malcolm Millar

On Sunday-Monday, August 4-5 many people will enjoy lovely Joan Fontaine and artistic Laurence Olivier when they re-do "Rebecca," which is, by the way a re-issue of one of the most popular book-a-film tales that has been brought to the screen.

In the cast with this pair of deserving stars are George Sanders, Judith Anderson, Nigel Bruce, Reginald Denny, C. Aubrey Smith, Gladys Cooper and many other well known featured players.

To refresh your memory it retains almost a verbatim faithfulness to the book, which spins the tale of a man, the girl he marries after the death of his faithless first wife, and their home, all overshadowed by the mocking spirit of "Rebecca," the woman he had married first.

For her memory he holds nothing but hatred, Rebecca having been, admittedly at first, by action later on, a wanton, as well as a wit and beauty.

But to his second wife, sensitive traveling companion to a middle

aged social climber before her marriage, the abiding presence of "Rebecca" is as real as a tangible thing, making her even more nervous, more introverted, than before.

Only a chance discovery unearths the fact that "Rebecca" was hated, might even have been killed by her husband, and serves also to center the lives of the two principals and bring them back from the tangent on which the memory of "Rebecca" had placed them.

While never seen, never heard "Rebecca's" spirit dominates the picture as it does the characters, and under the skillful hand of Alfred Hitchcock the story moves with vigor, interest, suspense and decision, onward and upward to a grand climax that leaves you breathless and a trifle surprised at the final climax.

I am sure you will thoroughly enjoy every moment of this delightful story, and I have picked it as the picture of the week on this schedule.

See you at the movies—Mal.

Mr. and Mrs. J. F. McLure Jr., of Dade City spent Monday in Pahokee.

Personal Items

Miss Lucille Salvatore is visiting her brother-in-law, and sister Mr. and Mrs. Jack Paulette in Tampa.

Miss Ruth Wroten, a student at the Charity Hospital school of nursing in New Orleans, is spending her vacation with her parents, Mr. and Mrs. W. R. Wroten and family in Pahokee.

J. W. RASHLEY
JEWELER — Belle Glade, Fla.

GO TO CHURCH SUNDAY

A Servant of the Glades

4 Buses
Daily

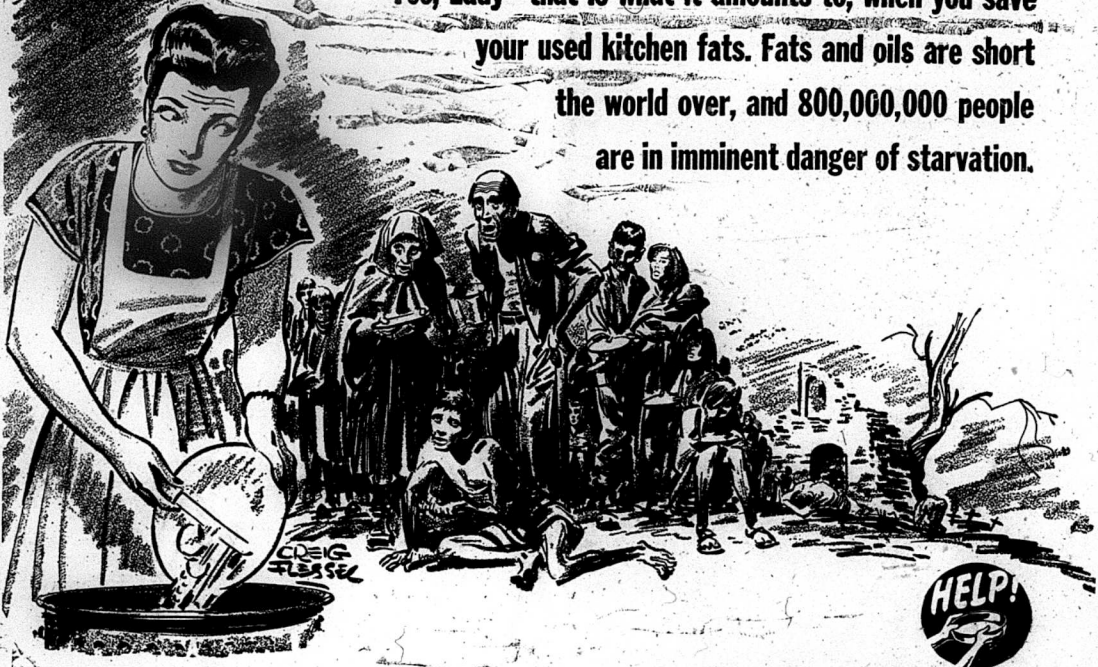

To Miami
To West Palm Beach
To Ft Myers & Lakeland

Glades Motor Lines, Inc.

"SERVING THE GLADES"

YOU CAN GIVE, IF YOU SAVE!

Yes, Lady—that is what it amounts to, when you save your used kitchen fats. Fats and oils are short the world over, and 800,000,000 people are in imminent danger of starvation.

YOU GIVE others a chance to live, when you eat less bread and when you curtail your use of fats and oils. Use and reuse what you buy, and turn your used fat in to your meat dealer for four cents a pound.

REMEMBER—your salvaged fats are used here at home to help make soap and other peacetime necessities. Save every drop to help yourself and to relieve suffering and shortages throughout the world.

Here in the lush Everglades—with food growing on every hand—it is hard to realize that millions of people are starving. Let's save just a little food here and a little there in order that these millions may exist.
